Pages 2-3: iPhone & iPad Instructions

Page 4: Android Instructions

iPhone Instructions

1 Open Safari and go to the app

Open Safari (not Chrome) and navigate to:
<https://dm-sales-app.onrender.com>

Use Safari
(Not Chrome)

2 Tap the Share button

Find the Share button at the bottom of the screen
(square with an arrow pointing up)

3 Scroll down and tap 'Add to Home Screen'

Scroll down the share menu until you see
'Add to Home Screen' with a + icon

+ Add to Home Screen

4 Tap 'Add' in the top right corner

You can edit the name if you want, then tap 'Add'

→ Add

5 Done! Find the app on your home screen

The DMB Sales app icon will now appear on your
home screen. Tap it to open the app!

✓ The app will now open full-screen without the browser bar!

iPad Instructions

The steps are the same as iPhone, but the Share button is in a different place:

1 Open Safari and go to the app

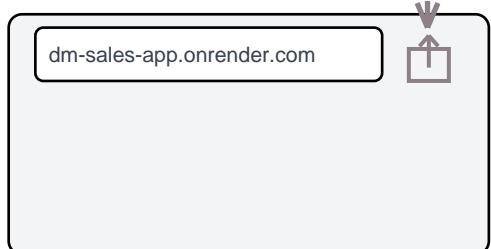

Open Safari and navigate to:

<https://dm-sales-app.onrender.com>

Share button

2 Find the Share button in the TOP RIGHT

On iPad, the Share button is at the top of the screen, near the address bar (not at the bottom like iPhone)

3 Tap 'Add to Home Screen'

Select 'Add to Home Screen' from the menu

4 Tap 'Add' to confirm

The app icon will be added to your home screen

✓ Done! The app will now appear on your iPad home screen

■ Tip:

If you can't find 'Add to Home Screen', scroll down in the share menu or look for 'More' to find additional options.

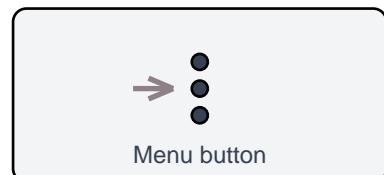

Android Instructions

1 Open Chrome and go to the app

Open Chrome (or your default browser) and go to:
<https://dm-sales-app.onrender.com>

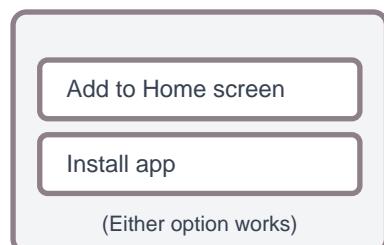

2 Tap the 3-dot menu

Look for three vertical dots in the top right corner of Chrome and tap on it

3 Tap 'Add to Home screen' or 'Install app'

Look for either option in the menu - the wording varies depending on your Android version

4 Tap 'Add' or 'Install' to confirm

A popup will appear - tap 'Add' or 'Install' to add the app to your home screen

5 Done! Find the app on your home screen

The DMB Sales app will now be on your home screen

✓ The app will now open full-screen without the browser bar!
